Thirumanavelan Gandhi obtained his M.Sc. in Chemistry from Muthurangam Govt Arts College, Vellore in 1999 and his Ph.D. degree in Chemistry from Indian Institute of Science, Bangalore in 2005 under the guidance of Prof. Balaji R. Jagirdar. He did his postdoctoral research at The Johns Hopkins University, Baltimore with Prof. Kenneth D. Karlin for three years (2006-'08). He worked as a senior scientist in Alent plc, Bangalore for two years (2009-'11) before joining Vellore Institute of Technology, Vellore in 2011. He is a recipient of Young Scientist Award conferred by Chemical Research Society of India (CRSI). His research interests include the development of novel catalysts and their application towards C-H activation/functionalization.
