G. Valavarasu leads the hydroprocessing group as Deputy General Manager at HPCL's R&D center in Bangalore. He holds a PhD in chemical engineering from Anna University in Chennai and has more than 22 yr of R&D experience in refining processes. He has published or presented approximately 50 research works for several international journals and conferences. Dr. Valavarasu is responsible for building the state-of-the-art hydroprocessing lab at HPCL's R&D center in Bangalore. His research work also led to the commercial application of several processes in the refinery.
